PRESS RELEASE

KOITO MANUFACTURING CO., LTD.

KOITO Exhibits at CES 2018

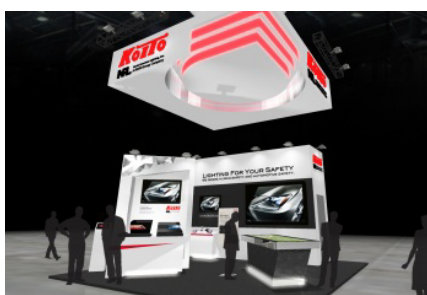

KOITO MANUFACTURING CO., LTD. (“KOITO”) (Head Office: Minato-ku, Tokyo; President: Hiroshi Mihara) in collaboration with its subsidiary, North American Lighting, Inc. (Head Office: IL, USA; President: Kirk Gadberry) will be exhibiting advanced lighting products at CES 2018 to be held in Las Vegas Convention Center (NV, USA) from January 9, 2018.

The KOITO Group manufactures automotive lighting equipment under our corporate message, “Lighting for your safety”, and delivers high quality products and services to worldwide customers. As a leading supplier, KOITO Group manufactures products through its integrated manufacturing system from R&D to production.

At CES 2018, under the theme of “light”, the KOITO Group will introduce new products and technologies that will contribute to smart mobility society in the near future where autonomous vehicles are expected to become common from 2020s.

Exhibition at CES will include:

- System products contributing to safety improvements such as ADB (Adaptive Driving Beam)
- Communication lamps and lamps with built-in sensors for autonomous driving
- How traffic system technology will contribute to mobility

Exhibition Booth
