

Social Contribution Activities

To materialize one of our management philosophies, “fostering mutually beneficial relationships with all stakeholders as a member of the society,” we declare in the KOITO Group Corporate Behavior Charter that “we will be conscious of our responsibility as a good corporate citizen, and actively engage in social contribution activities, and we will contribute to the realization of a prosperous society.” Based on the statement, we are promoting various activities.

KOITO made 100 thousand euros of donations to UNHCR, the UN Refugee Agency, as support for safety and livelihoods of people who are facing extremely harsh difficulties due to the crisis in Ukraine. The donation will be used to support humanitarian activities in Ukraine and its neighboring regions through UNHCR.

● Purchase of ESG Receivables

For fund management, in addition to investment efficiency and ratings, we assume the degree of contribution to ESG and society as one of the selection criteria. In order to contribute to materialize a sustainable society, KOITO has purchased green bond and social bond from two organizations in FY 2022.

● Domestic Environmental Beautification Activities

As part of its efforts for environmental conservation and biodiversity, KOITO is conducting activities such as weeding at Miho-no-Matsubara, the constituent property of Mt. Fuji, the global cultural heritage, and cleaning the surrounding coasts.

Stakeholder Engagement

KOITO declares in the KOITO Group Corporate Behavior Charter that “we will disclose corporate information in an appropriate, effective, and fair manner and engage in constructive dialogue.” In order to achieve our sustainable growth and increase corporate value over the medium- to long-term, we engage in constructive dialogue while fairly providing accurate information to our shareholders and investors.

In FY 2022, KOITO held the 121st Ordinary General Meeting of Shareholders and an earnings release conference for securities analysts and institutional investors. At the earnings release conference, we explained our Group's performance (results and plans), and received many questions and comments from the participants. Furthermore, we held a total of approximately 220 individual meetings with institutional investors. In principle, a Director participates in all meetings. The content of the meetings and comments or requests received from investors are reported to the top management, Directors and Corporate Officers, and reported to the Board of Directors. We are utilizing the knowledge gained from our dialogue to improve our management activities.
